

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

NOTICE OF PURCHASED GAS	)	
ADJUSTMENT FILING OF LOUISVILLE	)	CASE NO. 10064-C
GAS AND ELECTRIC COMPANY	)	

O R D E R

Louisville Gas and Electric Company ("LG&E") filed on December 28, 1988 the Gas Supply Component in Case No. 10064-C, In the Matter of Notice of Purchased Gas Adjustment Filing of Louisville Gas and Electric Company. LG&E requests that portions of that filing be kept confidential.

The Commission's regulations on confidentiality, 807 KAR 5:001 §7, provide several criteria for the assessment of requests for confidentiality. A review of LG&E's petition discloses several significant defects. The petition does not adequately explain the bidding process described in numerical paragraph 4 and how it will be materially affected by public disclosure of gas supplier costs. It does not explain the competitive harm that could result from public disclosure of gas supplier costs. Finally, it does not quantify the likelihood of substantial competitive injury.

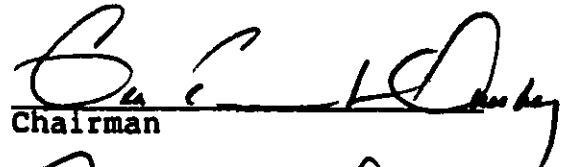

The Commission will continue to hold the designated costs in Case No. 10064-C confidential for 60 days. Within 20 days, LG&E may file supplemental information to address the deficiencies in its petition.

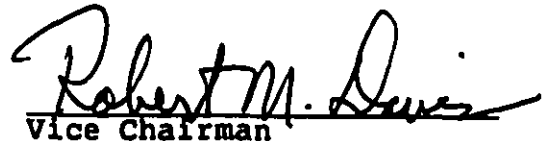

Upon receipt of the information, the Commission will review it for conformity to the regulation and issue an Order granting or denying the Petition.

IT IS, THEREFORE, ORDERED that the material filed in Case No. 10064-C shall be held confidential for 60 days; and LG&E shall file supplemental information within 20 days to support its petition.

Done at Frankfort, Kentucky, this 26th day of January, 1989.
